- Ali was amazing! Her feedback was super helpful and was always available to answer questions outside of section

3 - What specific advice would you have for Alison Lodermeier about changes that would enhance your learning?

Response Rate 4/16 (25%)

- I think it would help to have more work time, where we could just ask questions as they come up. Everyone is doing such different things/has different backgrounds in Stata, so sometimes the tutorials didn't feel like the best use of time.
- Recording some of the material, like Stata and Latex workshops would be super helpful!
